Gove, in the morning of her life, To dwell with God on high ; Gene, from this world's toll and strife, Where none are known to sigh.

Transplanted from her carthly home, To range through blimful plains, Where ain and sorrow are unknown, Where none but Jegus reigus. Far, for from all her friels here,

A conqueror she dwells, Far from the friends her heart held dear, This song of triumph tells -

How Jesus came to save our race, And bids poor sinners come, How she has conquered thro' his grace, And found a welcome home.

Than dry thy tears, thou stricken one, And kins the chastening red : Though from thy presence she has gone, She lives in heaven with God. PLORA BELL.

How they Love a Lie. The Memphis Avalanche feeds its readers with stuff like this :

"The fact of Lincola's constant intoxi cation is confirmed by a gentleman just Washington. It appears that he became addicted to the vice in this way The cares of place affected his nervous system so much that he could not sleep. Hisphyoidian administered him lare quantities of opium and brandy each evening until stupidity would ensure, and then he would fall into prefound slumber. In he morning his proctration would become so great that liquor would be resorted to; and thus, by a frequent repetition of this of the treament, he has become so demoralized by the use of liquor as to pe perfectly imbecile and thoroughly indifferent to what is passing around him."

Of the same purport is the statement of a member of Congress who spent the pring in the South, and traveled from will convince all who suffer from HEADACHE Florida to Kentucky. He says the prople of the South everywhere entert du the following beliefs:

"That the North is cowardly; that the great cities are controlled by mobile, with As these Testimonials were unsolicited by Mr. Spalding. a strong undercurrent for the South; that Mr. Lincoln, unresisted, would march away and liberate the slave; that Mr. Lincoln is a drunkard; that England and France will raise the blockade; that Louis Napoleon is a friend of the South; that republican institutious are of short duration -an id-a fostered by the leaders."

The rebels, to obtain the better credit for their lies, even put them into the mouths of Indians. The Memphis Argus has a story which it attributes to the Chief of the Charokee Notion, and of which the following is a specimen.

"The drunkeness of Lincola the general confusion, disorder and dirt, did not surprice the Indian more than the profanity and obscenity of speech indulged in by those talking to or near this precious President. Fear, great and general fear, he H.C. Statorso. descripes as the sentiment now prevailing Washington, and nowhere more apparent than in the white an I quivering lips of Lincoln when he is the least embraced by alcohol. A report prevails throughout the sity that all the public buildings are undermined, and will be blown up if the city is taken by Davis."

-From the New York World we learn that Col. Elmer E. Ellsworth, whose murder at Alexandria on Friday baseast such a gloom over the country, was born near Muchanicsville in Saratega county, N. York April 23, 1837, making him as his ceath put about 23 years of age .military inclination. At twelve years of the local and attack in one hour by your Pills, which age to entered a dry goods store at Troy I sent her. as clerk, being in possession at the time of a good common school education, when 17 years of age he went to Chicago, avriving there penniless, but by his energy and perseverance soon schevel a high position. While residing there the exploits of the French Zonaves at Schastapool became the theme of comment, and he believing the Zouave tactics the mos efficient yet studied, set about to organize a company in that city which were called the "The Chicago Zouaves." After practicing about a years they went on a tour East, which is fresh in the minds of our readers. Their tour was one contianed evation. After the breaking out of the war he went to New York and organized a Zouave Regiment composed of members of the Fire Department, witch he took forward to Washington, which from the first has elicted the most marked admiration; of whose exploits it is hardly necessary to detail as they are fresh in the minds of our readers. His parents are still living at Machanicsville He was their only living child-his only brother having died a year ago last spring He was engaged to be maried to Miss Carrie Spafford of Rockford Ill. The wedding would probably ere this have taken place but for the breaking out of the war.

-Five more regiments have been drawn form Mississippi for the rebel army. -The Ohio White Sulphur Springs will be opened for the reception of visitors, under the superintendence of J. A. Sway. nie, on the 10th of June.

-The smallpox is raging at Harper's Ferry. It broke out among the Arksnsas troops, and one of the Kentucky volun-

teers has since died of the complaint, -A well-posted Nashville correspondent of the Boston Traveller mays the first object of the rebel troops organized in Tennessee is to rush Kentucky out of

the Union in spite of the people. -Jackson, who shot Col. Ellsworth is the same man who headed the gang who Occaquon, Fairfax county, Va. before the

attacked the Republican liberty-pole at Presidential election. He cut down the pole with his own hand. -The Secessionists had stored at Alex-

andria a large quantity of railroad iron, which was captured by the United States toops. Its value is estimated to be at least \$100,000. It will, of course, be confiscated, and applied to the service of the country they are trying to des'roy. -A fight occurred at McCoy's Ferry

on the Potomac, on Thursday morning. between a detachment of Maryland Home Guards and Virginia troops, respecting a meets all such emergencies, and no household can ferryboat belonging to the former, which afford to be without it. It is always roady, and up the latter attempted to steal. The thieves

with the rank of Lientenant Colonel. No better appointment could have been made.

Major Weggner has seen active service in of my PREPARED GLUE, I would carrie all per-Europe, and will bring to the aid of the Government his knowledge of that effective branch of the army, and his valuable exprience in many a hard fought battle.

Ayer's Sarsaparilla

A compound remedy, designed to be the most ification! Alterative that earn be made. It is omeentrated extract of Para Saraaparilla, combined with other substances of still reafor alterative power as to afford an effec-ve autidate for the diseases Sarsaparilla is parted as cure. It is believed that such a mody is wanted by those who suffer from mnous complaints, and that one which will acomorphish their cure must prove of immense service to this large class of our afflicted fellow-How completely this compound will

AUCTIONS AND ERUPTIVE DISEASES, ULCERS, BOACHOT MOUSE in the house, Diseases, Blotches, Toughs, Salt Rheum, John B. Given ALD HEAD, SYPHILIS AND SYPHILITIC AT-PROTIONS, MERCURIAL DISEASE, DROPSY, NEC-MARSIA OF THE DOLLOURRYN, DESIGNATION, DESon Sr. Anruovy's Frue, and infleed the whole loss of complaints arising from Inputarry or

This compound will be found a great proher of househ, when taken in the spring, to d at that senson of the year. By the timeexpulsion of them many rankling disorders supped in the bad. Multitudes can, by of of this remedy, spare themselves from the endurance of foul eruptions and ulcerous ores, through which the system will strive to ul itself of entruptions, if not assisted to do the through the natural channels of the body by an alterative medicine. Cleanse out the vittated blood whenever you find its impurities ursting through the skin in pimples, eruptions, or sores; cleaned it when you find it is ob-structed and sluggish in the veins; cleaned it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleaning the blood. Keep the blood healthy, and all is well; but with this palulum of life disordered, there can be no stance lasting health. Sooner or later something

must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed pretending to be concentrated extracts of it, contain but little of the virtue of Saraparilla,

or any thing else. Daring into years the public have been mis-Caphalic Pilla accomplish the object for which During late years the public have been misof Extract of Sarsaparilla for one dollar, Most of these have been frauds upon the sick, for They have been tested in more than a thousand rills, but often no curative properties whatevers, with entire success. has followed the use of the various extracts of Sarsuparitia which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we wall this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. That we think we have ground for clieving it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should e judiciously taken according to directions on

Fosteria, Haya House, Tuesday, May 23. Fremont, Kessler House, Wednesday, May 29. Elmare, Elmore House, Thursday, May 30. Tolede, Collins House, Friday, May 31. Perrysburg, Exchange Hotel, Saturday June 8.

MY THEORY AND TREATMENT Are new and different from any one in the United Are new and different from any one in the United States, and I challenge any one to produce the same success that I have mot with in t cating Chronic Diseases. My theory is based upon the chemical operations of the body, believing diseases to depend upon a disproportioned condition of the finide of the body, whereby the solids be come unhealthy by analysing the secretions, blood, &c., of the body, and finding out what is deficient or in excess and supplying to the system what is wanting. I am enabled to cure often by a small amount of medicines, where the patient has been drugged with medicines for long years to no effect.

where the patient has been drugged with medicines for long years to no effect.

Now Dyspepsia, in the great majority of cases, dedends mainly upon a disproportioned state of the gastrie or digestive fluids of the stemach. When this gastic fluid is proportioned properly, the food is theorougly digested and assimilated. Viewing Dyspepsia by the rules of Chemicopathology, and giving treatment accordingly, I am enabled to cure 49 cases out of 50, and 49 cases out 50 of Consumpation, Asthma, Bronchitis and Laryngitis, and Liver Condiant, Piles, Neuralgia, Dizziness or Sick Headache, Nervous Debility and Female Diseases—in every case a cure, and other diseases proportionately.

Dr. McMillen uses an improved Inhaling Instrument for the cure of Consumption, Astlima, Bron-chitis and Laryngitis; by this we can make as good an application to the diseased Lung and Throat as we could to a sore anywhere on the exterior of the body. Dr. M. uses pure Chemicopathic and Botanic Rem-

CONSUMPTION.
